1. The disclosure is objected to because of the following informalities:

Page 8, line 5; "lowest order flip-flop 110" should be --highest order flip-flop 110--

- . See page 7, lines 13-15.

Appropriate correction is required.

2. Claims 1-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

As per independent claim 1, the terms "between the outputs of the flip-flops at the current time step t with the output of the flip-flop of the flip-flops at the time step t-n" (lines 7-8) seem to be inconsistent. Similarly noted independent claim 8, lines 7-8, 9-10 & 14-15. Clarification is requested.

3. Claims 1-8 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Cited references are art of interest.

5. The following is an examiner's statement of reasons for allowance: the recorded references do NOT teach or suggest: (1) the "determining" and "coupling" steps as recited in independent claim 1, (2) the plurality of "determining" and "coupling" steps as

recited in independent claim 8, and (3) the detail physical structures as recited in independent claim 9.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
